### The Dream is Coming True

In September of 2008, we received some magic! This magic came from the M. J. Murdock Charitable Trust in the form of a \$100,000 “Top-Off” Construction Challenge.

A second donation of \$40,000 from the Employees Community Fund of Boeing Puget Sound (ECF) brought that magic to our dream of qualifying for the \$100,000 Murdock challenge grant.

The Employees Community Fund, Boyden Robinett & Associates, PEMCO Insurance and the Cole Foundation all made more than one

donation to make sure that construction of the Tye Unit happens this year. The generosity of these donors and many others leaves Camp Fire USA Snohomish County Council \$320,050 from achieving our \$2.7 million stretch goal.

We will now be able to build the Tye Unit this year allowing us to serve an additional 200 campers each year. Tye is designed to accommodate boys and girls, has a covered meeting and cookout area, and a deck. The six platforms it replaces will be moved to other locations at camp.

There is still time to be part of this exciting campaign. Look on page 2 for more information.

## Taking Orders For Second Paver Installation

We've scheduled the first installation of over 125 beautiful polished granite pavers. They will be displayed at "Legacy Square" in front of the Donor Recognition Wall in the main parking and reception area at Camp Killoqua.

You are invited to join those supporters with a paver of your very own for our second installation. Pavers come in six sizes and are priced at \$100, \$250, \$500, \$1,000, \$2500 and \$5,000.

This hub of activity is where all campers are dropped off and picked up, so everyone will have an opportunity to see the pavers of those who are leaving a legacy for the youth of our community.

For information on making a donation to help Camp Fire expand services from 8,400 to 12,000 of our community's youth each year call 425-258-Kids (5437) or go to our web site [www.CampFireUSASnohomish.org/Capital.htm](http://www.CampFireUSASnohomish.org/Capital.htm).
